

Call for Interesting Cases

Present Your Most Interesting Cases at ENDOVASCULAR SUMMIT 2009

The International Society of Endovascular Specialists (ISES) is pleased to announce a call for interesting cases for the **ENDOASCULAR SUMMIT 2009** scheduled for December 4-5, 2009 in Buenos Aires, Argentina. We invite your submission of a **challenging clinical case, with or without complication** you have managed related to **endovascular intervention** or **vascular surgical procedure**. Also welcome are case presentations of **innovative approaches** in any area of **endovascular or vascular surgical procedures**. We are particularly interested in cases that fall into the following categories (additional categories listed on application form):

- Cerebrovascular interventions
- Aortic Interventions
- Abdominal Aortic Aneurysm Repair
- Thoracic Aortic Aneurysms Repair
- Renal, visceral, and lower extremity vascular intervention
- Cardiovascular interventions
- Venous interventions

Case Submission Criteria and Specifications

All cases will be reviewed by the Endovascular Summit Program Scientific Committee, who will select the most interesting cases for presentation at the **ENDOASCULAR SUMMIT 2009**. Physicians whose cases are chosen will be listed as faculty and have their meeting registration waived. **Please limit the number of submitted cases to 3.**

- The case description should be no more than 150 words.
- A separate submission form for each case must be submitted.
- The submission form must be received before September 1, 2009.
- Each case must have only one submitting physician.
- For each case, please be prepared to submit on CD-ROM, a PowerPoint presentation containing all the relevant information described in the case submission form to include images and lessons learned. PowerPoint format should be with linked AVI or MPEG video files (PowerPoint with descriptive text on each slide is preferred).
- Notification of case application status will be sent on or about October 1, 2009.

Please note: case descriptions are submitted for scheduling and program planning purposes and will not be distributed, reproduced, or listed on any meeting materials without express authorization. Information is kept highly confidential. To help preserve the confidentiality of this meeting there must be no patient names or identification on any images displayed at the meeting. Please include disclosure information as part of your presentation. Each presenter and attendee will be required to complete and submit a confidentiality agreement.

Case application forms will be accepted for consideration beginning March 1, 2009. Submission Deadline is September 1, 2009.
