

HIGHLIGHTS FROM OUR CHAPTERS

The ISEVS Brazilian Chapter was inaugurated at the **CICE** meeting in São Paulo, Brazil.

Dr. Armando Lobato (at near right), the president of the new ISEVS chapter, was joined by ISEVS President Dr. Zvonko Krajcer (at far right) and other ISEVS board members as they welcomed 55 new members to our society. ►

◀ There was also a special ISEVS session as well as an Edward B. Diethrich competition for the best original contribution in the endovascular field.

SIGN UP NOW!

Don't miss the second annual **Interventional Cardiovascular Imaging** course being held at the Houston Methodist Research Institute on October 15–16, 2018. Under the direction of ISEVS President-Elect Dr. Alan Lumsden, this CME-accredited program will teach advanced cardiovascular imaging techniques, such as image fusion and the use of electronic image-guided planning, in an intensive hands-on workshop. For more information and registration visit events/houstonmethodist.org/ici

Don't forget, SOCIETY members enjoy **discounted registration fees** at our educational events, so join today or renew your membership at our website (www.isevsonline.org).
